

PANGEIA KIDS

building musical instruments workshop

Building exciting musical instruments

Pangeia Kids is an exciting workshop where kids can build, decorate and play their own instruments. Additionally the workshop can include kids and parents or it can be tailored for older kids. Three different types of musical instruments:

The thumb piano or kissange

An instrument made out of a wooden box and wooden keys that can be plucked.

The noisy wheel,

An instrument made out of a flexible tube with a little marble ball inside.

the txiumba

an instrument derived from a traditional instrument from Angola, with a wooden box, three bows and strings, usually known as a pluriharp.
